THE DESIGNERS OF A LIFESTYLE

The creation of a property like The Ultima needs an understanding that goes deeper than bricks and mortar. It requires an insight that every feature and every inch are tools that shape a lifestyle. Armed with this understanding, internationally renowned design companies BLD and MPFP set about creating a masterpiece out of project The Ultima.

Interior Designers

Bilkey LLinas Designs

A company specializing in high-end hospitality and leisure projects worldwide, BLD was founded in 1989, with offices in Florida and Hong Kong. Noted for their destination resorts and boutique hotel projects, BLD has a prestigious portfolio including Hyatt Regency, Delhi, The St. Regis Hotel, Dubai, Ritz Carlton Bachelor Gulch and Kunlun Chef's Table in Beijing.

As president Bilkey sums up, each project design is a customised response to the demand of the market and the guests. In creating the interior design of The Clubhouse, the lobbies and the common areas of The Ultima, BLD identified the need to not only make an unforgettable first impression but also to provide the residents with a welcoming ambience of by grace and warmth.

Landscape Architect

Paul Friedberg

(ASLA medal award winner)

The Ultima is a project that is built around vast spaces and large doses of green and to do justice to it, DLF chose M Paul Friedberg and Partners PLLC – an internationally renowned landscape architecture and urban design firm. Considered to be one of the beacons of the industry, M. Paul Friedberg has influenced urban design of playgrounds, parks and plazas through his books and masterpieces. A recipient of the highest award of the American Society of Landscape Architects, the Design Medal, and 85 other accolades, his designs always consider recreation for different age groups, facilitate interaction between people in the community, and “enhance life by revealing beauty in the environment.”

The Utlima's lavish apartments have balcony decks leading out of every bedroom, allowing you to take in the stunning green vistas and blue panorama.
